BASICS HEALTHY TIMING AND SPACING OF PREGNANCY TOOLKIT

INTERVIEW WITH HEALTH CARE PROVIDERS
Support for this publication was provided by the USAID Bureau for Global Health

BASICS (Basic Support for Institutionalizing Child Survival) is a global project to assist developing countries in reducing infant and child mortality through the implementation of proven health interventions. BASICS is funded by the U.S. Agency for International Development (contract no. GHA-I-00-04-00002-00) and implemented by the Partnership for Child Health Care, Inc., comprised of the Academy for Educational Development, John Snow, Inc., and Management Sciences for Health. Subcontractors include the Manoff Group, Inc., the Program for Appropriate Technology in Health, and Save the Children Federation, Inc.

General

Ask to speak with the District Health Program Officer, Midwife or person in charge health facility who is present today.

Introduce yourself, briefly explain the purpose of your visit and ask if she/he would be willing to answer few questions about healthy timing and spacing of pregnancy and family planning services in the facility.

Hello. My name is _______________. My colleagues and I are here on behalf of the Ministry of Health and TAIS project to conduct a joint rapid assessment to learn more about your services in birth healthy timing and spacing of pregnancy and family planning. The information you provide is very important and valuable to us and will be used for the purpose of improving standard of care for family planning services in health facilities. The information will be kept anonymous and will not be used as an assessment relating to your career. If you agree to participate we will need about ________________ minutes to complete our questionnaire. We do appreciate your time and responses.

THANK YOU
Key Questions for Health Care Providers at Antenatal Care (ANC), MCH, IMCI, and Immunization Services

1. Do mothers request information on child spacing from you at this Clinic? □ Yes □ No

2. What would you do to mothers that request birth spacing information or methods at ANC clinics? Please explain:
